

Some Facts about Suicide

- Nearly 4,000 Canadians die each year by suicide, an average of 10 suicides per day.
- 83% of Canadians did not know suicide was the leading cause of death among our youth. (Harris/Decima survey, Aug. 2010)
- 96% of Canadians believe that in order to help reduce youth suicide the topic should be freely discussed without fear or shame (Harris/Decima survey, Aug. 2010)
- Canadians are about seven times more likely to die from suicide than to be the victim of a homicide.
- In 1998, suicide was the leading cause of death for men between the ages of 25-29 and 40-44; for women it was the leading cause of death for ages 30-34
- For each death by suicide there are as many as 100 suicide attempts.
- 3.5% of people in Ontario report thoughts of suicide in the past 12 months. (Stats Canada 2002)
- 9,344 hospitalizations in Ontario due to suicide attempts with an average length of stay of 6.7 days. (2001-02 C.I.H.I.)
- 5 of the 10 leading causes of disability are related to mental disorders. (W.H.O.)

Bringing Suicide Awareness
to our Community

Thursday, August 11, 2011

All proceeds go directly to
the Waterloo Region
Suicide Prevention Council.

Since 1997, the Waterloo Region Suicide Prevention Council (WRSPC) has brought focus on suicide prevention and mental health issues through public awareness, education, skill development and public health advocacy.

A community-wide strategy to help prevent suicide includes:

- ~ improvement of services,
- ~ collection of local statistical data
- ~ community consultation, co-ordination and collaboration.

The WRSPC is a non-profit, voluntary council comprised of 15 representatives from Waterloo Region including professionals and community members dealing with suicidal behaviour.
